

ARCHITECTS + CONSULTANTS

INSIGHTS, KNOW-HOW AND CONVINCING STYLE COLLECTIONS

Our offer for architects and consultants

Would you like to create needs-based and forward-looking spatial experiences? We help architects and consultants find exceptional solutions, from the first situation analysis to setting up the last office chair. No matter how your renovation or new construction project looks – you can count on us!

As one of the leading suppliers for office furniture and room systems, we support you throughout the office design process – from analysis, planning and production through to long-term service. Using our experience and wealth of ideas, we partner with you to discover the potential and challenges inherent to individual working cultures – and develop tailored solutions with differentiated style collections, bringing these to life with cross-product series.

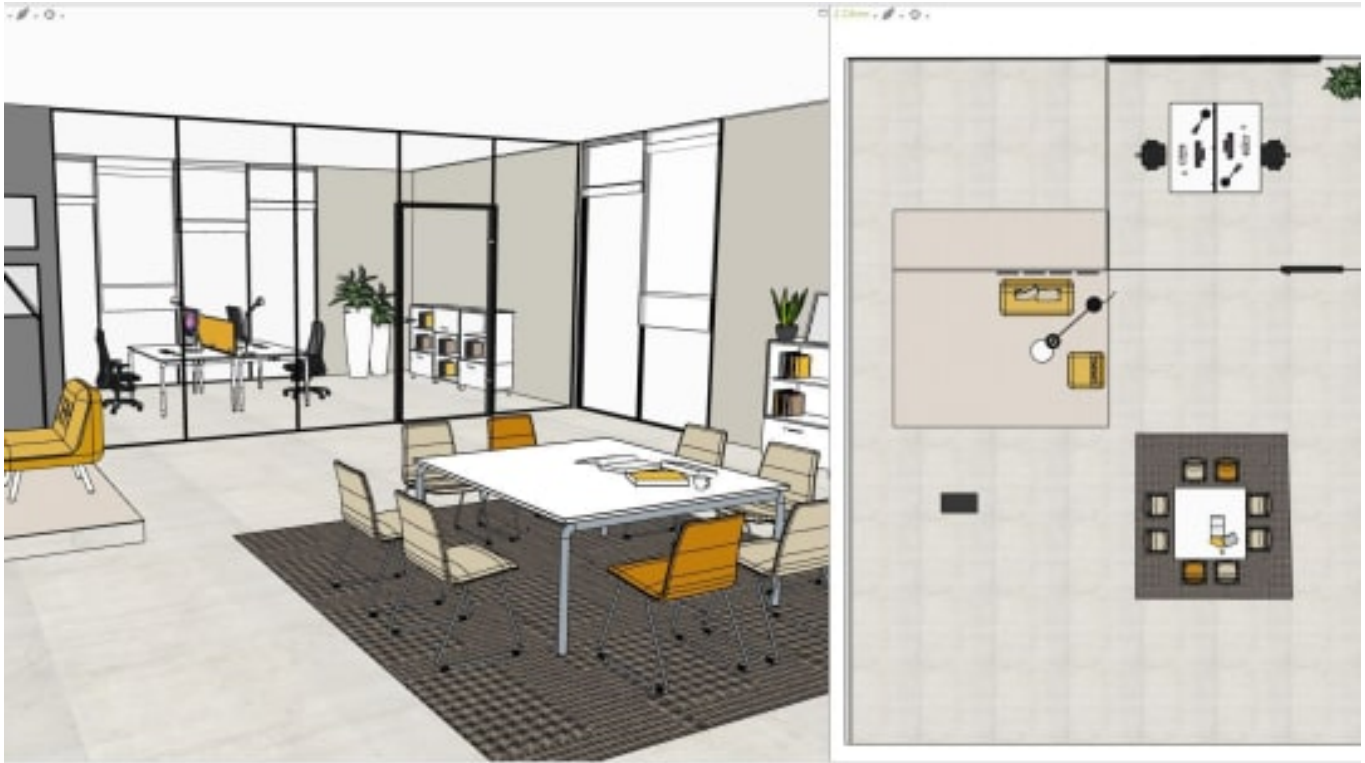

pCon CATALOG

pCon.Catalog

Product planning data for the König + Neurath product range are available in CAD 2D or 3D in the common formats at any time and in full. You can also find supplementary data and documents for each product to support your day-to-day work.

Install the pCon Planner for your ambitious planning projects.
