

WORK. CULTURE. DÜSSELDORF.

Welcome to the Düsseldorf Showroom

The *Flugfeld Office* complex was designed by willwersch architekten bda rba, Stuttgart. The white, metal-clad façade in combination with the horizontal window line emphasises the elegance of its design.

On over 300 m² we showcase forward-thinking workplace concepts that support a variety of work methods: from a single-user workstation that encourages focused working, to collaboration opportunities, to integrated workstation solutions for project teams in agile organisations.

The heart of the showroom is its large, inviting counter area. It serves as a central meeting point that advocates interaction, providing space for creativity and communication: Ideas evolve during talks with our partners and clients; we discuss concepts and together, we plan every step towards re-designing or transforming your office space – as always, with an eye on your inherent working culture.

One place. One brand. One experience.
