

WORK. CULTURE. ST. GALLEN.

Welcome to the St. Gallen Showroom

The head office of our Switzerland-based sales organisation is in beautiful St. Gallen. From here, our colleagues head out to provide support to partners, architects and clients with their projects directly on location.

Working with you, we explore the specifics of your working culture and support you in translating accurate conclusions into an integrated spatial concept and to ultimately furnish you with product solutions that go hand in hand with your very own requirements.

We partner with the specialised trade, architects and clients and support you throughout the entire process of re-designing and transforming your offices.
